Drafter

Description

We are seeking a Drafter to join our team.

The Drafter is responsible for several duties at Jahabow, including providing engineered product solutions based on conceptual design renderings and/or customer specifications.

Jahabow is a leading designer and fabricator of commercial grade retail display cases and millwork/décor. Associates work directly with leading retailers like Sam's Club, Academy, Kohl's, and Wal-Mart to create shopping experiences seen every day. Our company must foster a creative and self-motivated atmosphere to be relevant in today's retail world and is looking for energetic and industrious people to help us build on our decades of success.

Jahabow is an Equal Opportunity Employer.

Responsibilities

- Transforms initial rough product designs using 3D computer-aided design (CAD) into finished product designs
- Reviews engineering drawings and designs to ensure adherence to established specifications and standards
- Follows and adheres to company policies and procedures
- Designs mechanical products for custom applications
- Possesses specialized knowledge in display products produced from plastic, wood, and metal
- Possesses specialized knowledge in display products processed by:
 - Vacuum forming
 - Injection molding
 - Blow molding
 - Stamping
 - Bending
